

INTERJECT

**PROFESSIONAL
AUTOMOTIVE SOLVENTS
FOR ALL VEHICLES**

**LOCALLY MADE PRODUCTS
EXPORTED WORLDWIDE**

Queensland Export Award Winner

413R PETROL FUEL SYSTEM CLEANER (250ML)

Also available in 5L, 10L and 20L

The professional fuel system cleaner for all petrol fuel systems including gasoline direct injection systems.

- Added to the fuel tank to treat entire fuel system
- Powerful Fuel System Cleaner, guaranteed to absorb and remove any moisture from the system
- Improves power, performance and economy
- Reduces exhaust emissions

420P DIESEL CARE AND CURE ADDITIVE (500ML)

Also available in 5L, 10L and 20L

Suitable for all diesel engines including Common Rail Injection.

- Added to the fuel tank to treat entire fuel system
- Reduces exhaust emissions and black smoke
- Kills and protects against Algae bacteria infections
- 500 ml treats up to 500 litres for 5000 kilometres or 3 months

420DPF DIESEL PARTICULATE FILTER CLEANER (500 ML)

Also available in 5L, 10L and 20L

The professional Diesel System Cleaner suitable for any Diesel engine.

- Diesel combustion catalyst that reduces the temperature for regeneration.
- Cleans while you drive
- Reduces soot and NOx
- Excellent preventative maintenance solution
- Ensures long-term durability of filter systems
- Minimizes unscheduled maintenance costs
- Suitable for all Diesel Particulate Filter systems

415PTS PREMIUM TYRE SHINE (20L)

Also available in 5L and 10L

Suitable for a wide range of vehicles including cars, trucks, motorcycles, and more, adding a professional touch to tyre maintenance.

- Enhances Appearance: Provides a glossy, wet look to tyres, enhancing their overall appearance
- Long-Lasting Protection: Formulated to offer long-lasting protection against dirt, UV rays, and environmental elements
- Easy Application: Can be easily applied using a spray or applicator, saving time and effort during detailing

413FT OIL CONDITIONER (250ML)

The professional Oil Conditioner reduces Friction and wear to any Engine Type.

- Adheres onto Metal Surfaces
- Improves Fuel Economy & Reduces Heat
- Can be added to any Engine Type or Engine Oil
- Gives Extended Engine Life, Cold Start Protection

413ET ENGINE TUNE (250ML)

The professional engine tune cleans entire engine internals for all engines.

- Cleans entire engine internals when added to engine oil
- Frees Up Sticky Lifters
- Provides better oil circulation
- Suitable for all engines

1223 DIESEL SYSTEM CLEANER (250 ML)

Also available in 5L, 10L and 20L

The professional Diesel System Cleaner suitable for any Diesel engine.

- Add to new fuel filter before fitting
- Revive Your Engine's Performance,
- Experience the Power of a Clean Diesel System
- Removes harmful deposits from the fuel system and injectors
- Helps to restore lost engine power and performance
- Reduce harmful emissions

420CF COOLANT FLUSH (500ML)

Also available in 5L, 10L and 20L

Suitable for use with different types of coolant, including ethylene glycol-based and propylene glycol-based coolants.

- Revolutionary non-acidic flush that is added to the cooling system 20 minutes before flushing
- Assists in dissolving corrosion
- Removes sludge and oil contamination

420E ELECTROLYSIS ARRESTOR (500ML)

Works well with various types of coolant, including both traditional and extended-life formulations.

- **Electrolysis Prevention:** Effectively prevents and inhibits electrolysis in automotive cooling systems, protecting metal components from corrosion
- **Extends Component Lifespan:** Helps extend the lifespan of radiator, water pump, heater core, and other cooling system parts by reducing the risk of corrosion damage

FSC-200 INDUCTION CLEANING TOOL

The FSC-200 Induction Cleaning Tool utilizes advanced technology to clean and remove carbon deposits from the intake system, including intake valves and ports.

- **Improved Engine Performance:** By removing carbon buildup, the tool helps restore proper airflow, leading to improved engine performance, fuel efficiency, and throttle response
- **Easy to Use:** Designed for ease of use, the FSC-200 can be connected to the intake system quickly and efficiently, making it suitable for automotive professionals and DIY enthusiasts

415PBC PREMIUM BRAKE CLEANER (20L)

Also available in 5L and 10L

Ideal for brake maintenance, preparing for brake work, removing contaminants, and general degreasing in automotive applications.

- **Efficient Cleaning:** Removes brake dust, dirt, oil, and contaminants effectively
- **Fast Evaporation:** Evaporates quickly without leaving residue for a clean, dry surface
- **Safe on Most Surfaces:** Can be used on brake linings, drums, callipers, pads, and metal parts

413EF ENGINE OIL FLUSH (250 ML)

Also available in 5L, 10L and 20L

The professional Engine Oil Flush suitable for both petrol and diesel engines.

- Add to engine oil prior to oil and filter change
- Cleans entire engine internals
- Prolongs both engine and oil life
- Frees sticky valves and lifters
- Provides better oil circulation
- Removes carbon and sludge

420 DSC DIESEL INDUCTION CLEANER (450ML)

Also available in 5L, 10L and 20L

The professional Diesel System Cleaner suitable for any Diesel engine.

Use with Recommended Tool (FSC-200) for removing carbon deposits from Diesel EGR, DPF and Intake System.

- Cuts through and cleans carbon deposits, varnish, and other contaminants
- Restored Idle Stability
- Reduced Emissions
- Increased Fuel Efficiency
- Improved Engine Performance

414TB PETROL THROTTLE BODY CLEANER (5L)

Also available in 10L and 20L

When used with the recommended tool (FSC-200) the 414TB Petrol Throttle Body Cleaner is formulated to effectively clean throttle bodies in petrol engines, removing carbon deposits and improving engine performance.

- Enhanced Performance: By removing carbon deposits, this cleaner helps restore proper airflow, combustion efficiency, and overall engine responsiveness
- Cost-Effective Solution: Comes in a large 5L size, providing ample cleaning solution for multiple applications, making it a cost-effective choice for automotive maintenance professionals and workshops
